Merchant Warehouse

ESC Electronic Service Control

ESC Integrated Payment Processing with Merchant Warehouse

dESCO has partnered exclusively with Merchant Warehouse to enable credit card processing that is fully integrated into your ESC software. With this integration, you will have the ability to swipe cards right in front of your customers, eliminating error-prone and tedious double-entry while also avoiding collection issues and enhancing security.

Processing credit cards with Merchant Warehouse will enable you to:

- Save money on credit card processing with our "Meet or Beat" rate guarantee
- Swipe cards with ESC in the office and with ESC Mobile in the field
- Set up recurring billing for service agreements with ESC Accounting
- Achieve and maintain PCI compliance, the industry standard for protecting valuable cardholder data, reducing your liability related to credit card processing

Merchant Warehouse offers ESC customers the best value in payment processing with the easiest approval process and free, dedicated support. To start saving on credit card processing today, visit www.merchantwarehouse.com/desco-partner or call 800.498.0823.
